

ARTIFICIAL INTELLIGENCE WEALTH SYSTEM

Human Oversight & The intelligent A.I system is constantly monitored, updated and overseen by a team of financial experts, coders and developers.

RISK MANAGEMENT 1

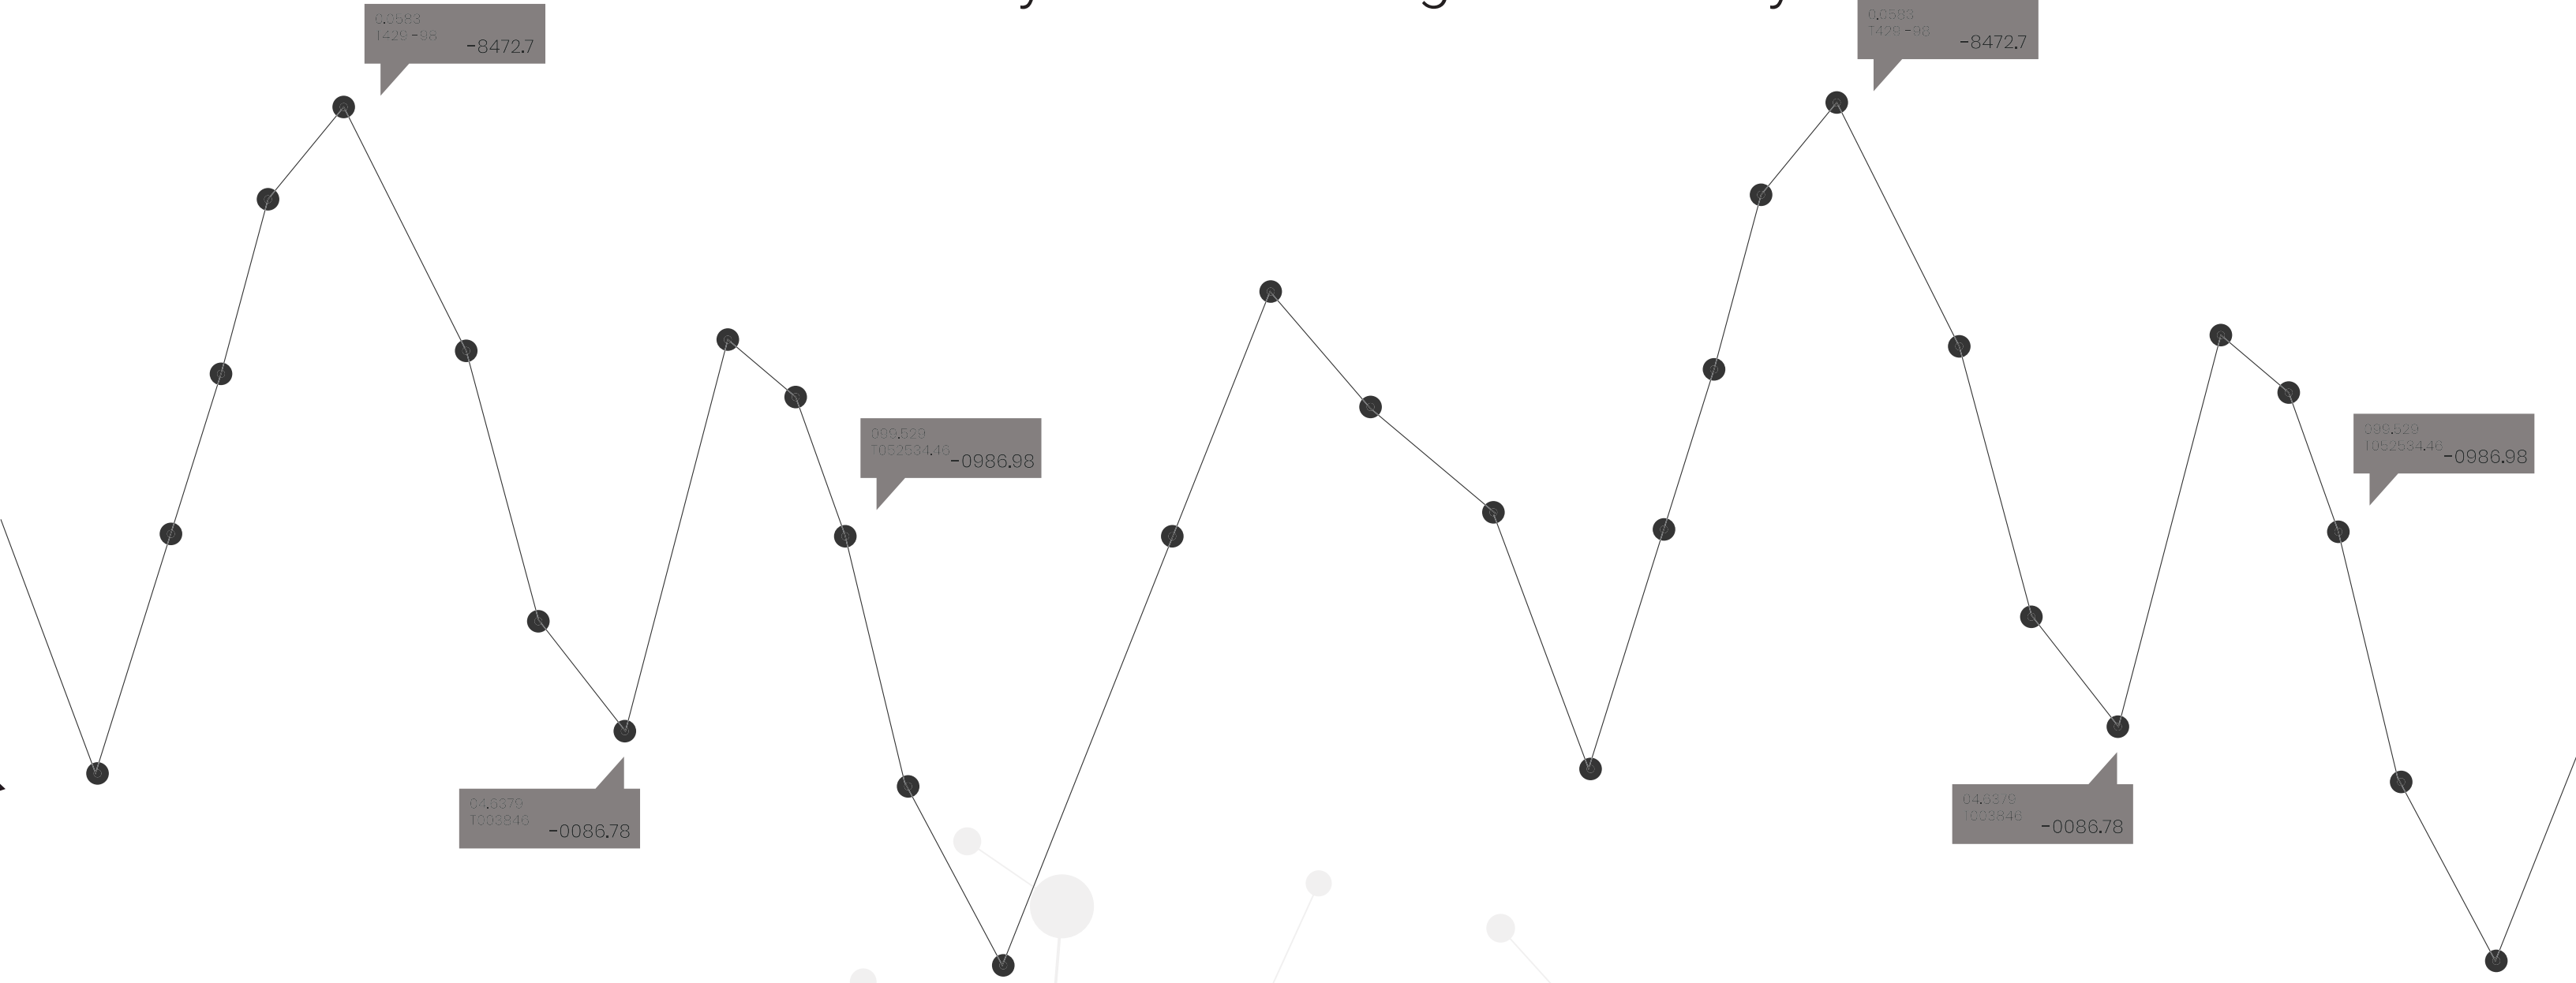

ADVANCED TECHNOLOGY 2

RESULTS 3

Founded on one core principle,
Risk Management

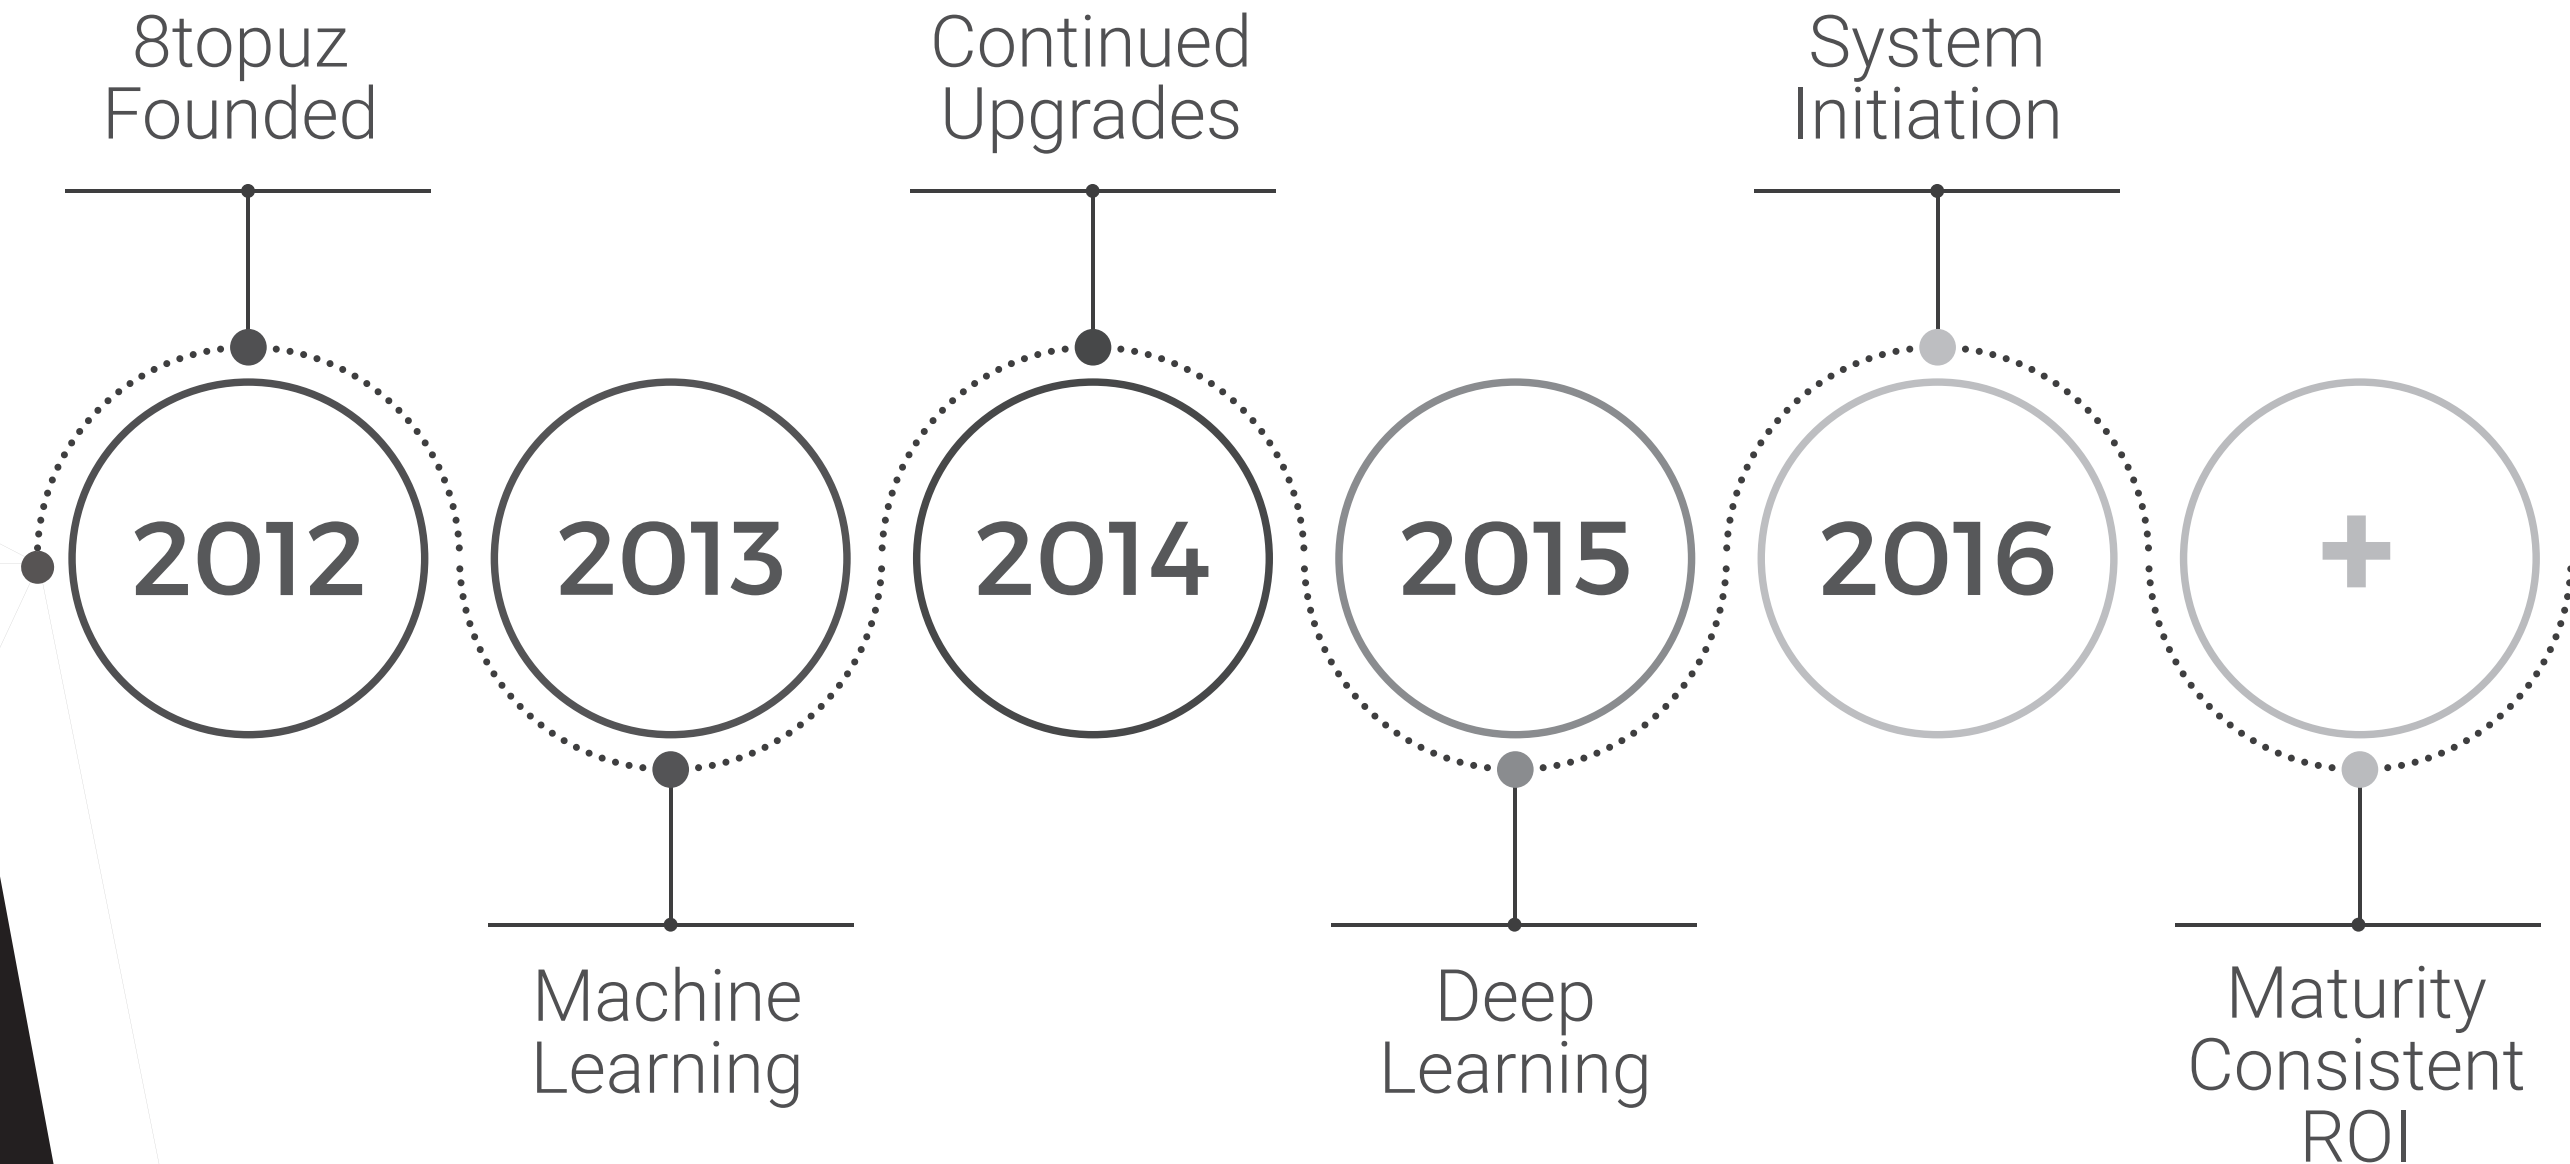

Risk Analysis and Management is key.

Identify. Recognize. Control.

8topuz Analyses and Recognizes patterns of accumulated historic data over a multitude of data points to better forecast and react to future outcomes.

Progressive Evolution of the 8topuz System

8topuz was founded in 2012 and by 2013 8topuz had incorporated Machine Learning into its risk management system. As processing power increased, in 2015 Deep Learning was integrated and was applied to complete the Artificial Intelligence trading system. In 2016 the System had Initiated and has consistently been generating a positive ROI.

Advanced Technology & Human Oversight

8topuz uses cutting edge technology that is not static instead it is intelligent and self-learning, with the ability to analyze and recognize patterns of accumulated historic data over a multitude of data points.

Employing an effective combination of human knowledge, discretionary trading, artificial intelligence and oversight, our system helps members cut risk, increase profits and simplify investment decisions.
