# BVNK Yield

Earn interest on crypto balances accessed via our insured custody wallets

<b>Investment currencies</b>	<b>Crypto:</b> BTC, ETH, USDT, USDC
<b>Yield rate</b>	<b>Crypto:</b> up to 8%, market dependant
<b>Terms</b>	7 and 14 <b>day</b> terms 1, 3, 6 and 12 <b>month</b> terms
<b>Yield payout</b>	Interest accrued daily, paid out monthly. All interest is paid in the digital asset that is loaned to BVNK (in-kind).

# Security & Insured Custody

- The BVNK Platform runs in a secure environment, with security baked into our code base as a first priority.
- BVNK provides secure hot and cold storage for all digital assets held on our platform. The majority of assets are held in secure, offline vaults.
- We partner with the top regulated custodians in the digital asset ecosystem, to provide insured custody for our customers
  - Fireblocks provides insurance on stored and in motion crypto assets that protects against cyber attacks, internal fraud, software bugs and internal process errors
  - Copper's custody solution is covered by an Aon brokered crime insurance policy
  - Additional insured custodians currently being integrated

# Regulatory Licenses & Regulators

- Bank of Spain, Spanish crypto asset registration
- Spanish Outsourced Services Agreement with Easy Payment and Finance, EP, S.A. (NIN: 6849)
- South African FSCA Category 1 license (License No: 50495)
- FCA (UK) & CBI (Ireland), Electronic Money Institution (EMI) Distributor arrangement
