

# CISO ON-DEMAND

Advanced protection against cybercrime for prominent individuals and family offices

As cybercrime becomes increasingly sophisticated, an array of cyber threats can compromise your privacy, security, and wealth. At Crisis24 Private Strategic Group (PSG), we understand the unique risks faced by prominent individuals and family offices. We provide unrivaled cybersecurity solutions that offer comprehensive digital protection and unparalleled peace of mind.

## CYBER PROTECT

Tailored protection and unrivaled coverage

Choose your level of Cyber protection — our services are ready to deploy, meaning you get immediate, white-glove protection without the need for a preliminary risk assessment. Our service options are tailored to your requirements, ensuring you can choose the level of security that best fits your needs.

### PRIVACY PROTECTION

Our experts work closely with you and your family to map out your digital footprint. We review and assess your current exposure and help you reduce your online vulnerabilities.

#### Services

- Surface, deep, and dark web monitoring
- Detailed report of online vulnerabilities
- Removal of personally identifiable information (PII) from the surface web
- Strategies to reduce unwanted information in the public domain
- Privacy breach alerts and remediation advice, including for the deep and dark web

### RISK REDUCTION

Our experts identify opportunities to reduce your cyber risk exposure. Solutions are tailored to meet the family office or individual family members' specific requirements and unique needs.

#### Services

- Mobile device security
- Home network security review
- Tailored family office cybersecurity assessment
- Systems penetration testing
- Cyber risk intelligence
- Cybersecurity training for all generations

### INCIDENT RESPONSE

Our experts are available 24/7/365, responding instantly to cyber incidents to protect you, your family, and your digital assets. Our proactive approach ensures rapid containment and resolution, minimizing disruptions to your lifestyle.

#### Services

- 24/7 access to dedicated incident response
- All-inclusive incident advisory services, including forensics support
- Includes response to incidents of:
  - Ransomware
  - Cyber extortion
  - Data and privacy breaches
  - Phishing and social engineering attacks
  - Cyberstalking and harassment
  - Insider threats
  - Third party security risks

## THE CRISIS24 DIFFERENCE

- Immediate access to cyber experts 24/7/365.
- Experienced team of cybersecurity, privacy, and legal advisors.
- Scalable and customizable solutions to meet your bespoke requirements.
- Transparent pricing model.
- Comprehensive coverage addressing all aspects of cybersecurity, from prevention to incident management and recovery.
- Personal and residential protection add-on services.

**SHIELDING YOUR  
DIGITAL WORLD WITH
