

An aerial photograph of a dense, green forest. A paved road winds through the trees, starting from the bottom left and curving towards the top right. The road is dark and contrasts with the lighter green of the forest floor and the darker green of the trees. The overall tone of the image is dark and moody.

DoLand®

DoLand Pro

Software making it easy to deliver relevant
investment impact reports to end-clients

There is a large potential

Globally, 54% want to invest more sustainably. Their main barriers are trustworthy data and relevant reporting.

There is a large wealth transfer ongoing to younger generations more focused on sustainability

Financial institutions focus on compliance resulting in limited relevance for end-investors in their solutions

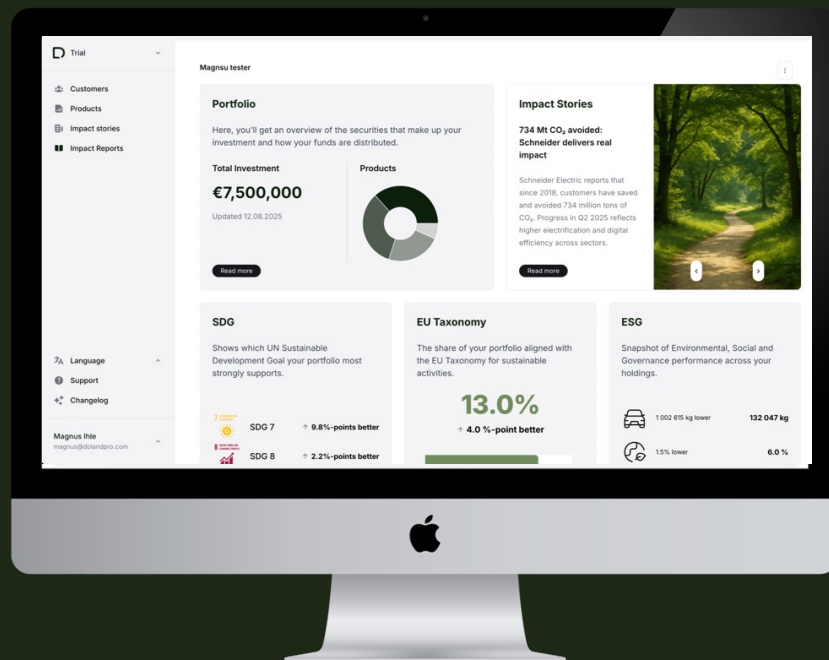

The DoLand Pro software is easy to use

Quick onboarding

Easy to generate reports

Tools for dialogue with end-clients

DoLand.
